

## HARRY LEVIN

The CORRESPONDENCE SERIES is an investigation into the background of recipients of British pre-stamped postal stationery. The "collection" was purchased in South Africa in 1999 as a job lot, the which took me six months to sort and mount, creating a collection spanning 140 years. I have no idea of the provenance.

The Reference work is British Postal Stationery, A K Huggins.1970. The first date with catalogue number refers to the year when the pre-stamped envelope was first issued; the second, the year when the envelope was actually used.

### Philatelic Description of the item of Postal Stationery:
