

## **Kotzé Family Tree. Supplement to the Composite of 2013**

Some while ago I gave notice of my intention to stop updating the original document as, from my perspective, it had more than served its original purpose. Enthusiastic members of the extended Kotzé family have continued to submit material.

Unfortunately, I can no longer undertake to integrate the material into the main document. However as a courtesy to persons I shall name, I am publishing THEIR material so that it may be available to a wider audience.

As has always be the case, I cannot vouch fort the accuracy of any of this research. Nonetheless, I believe that it could be invaluable to those seeking a better understanding of their or their extended family background.

I am trying to research my Great grandmothers family History because we dont know anything about her family .... Lanlaagte childrens home ....

My great grandmother **Maria Susanna Lotter nee Kotze** had a sister **Katie** but I don't have any details for her. My great grandmother was born on **28 August 1896 and she died 22 February 1964 ....** My Great grandmother **married Casparus Johannes Lotter.**

The Langlaagte Kinderstehuis was established in 1902 by Ds. Abraham Kriel, so your GGM was circa 6 years of age when admitted. There are piles of documents in Pretoria State Arcvhives.

Here is GGM Death Notice ... it sits in the Pretoria State Arcvhives:

Ek is 'n ywerige navorser van die Kotze familie geskiedenis en het die inligting op u webwerf baie geniet. Ek het 'n paar jaar gelede wel kontak gemaak maar weens ander verpligtinge het ek my navorsing eers weg gepak.

Ek wil bitter graag die boek :Beyond the Wall – a search for the ancient Kotze families of Saxony and South Africa” researched and written by Susan Palmer (1998) lees en ook natuurlik vir my nageslag aanskaf. Kan u moontlik enige inligting rakende die boek gee. Is dit nog beskikbaar en indien wel, waar kan ek dit koop.

My register is redelik volledig en ek glo dit sal inskakel met :

1.2.4.1.3.1.1 Louis m. Aliwal-North 29.8.1856 Anna Susanna Elizabeth STEYNMAN (do. Frans)'

1.2.4.1.3.1.1.1 Martha Sophia \* 25.8.1857 ~ Aliwal-North 20.6.1858

1.2.4.1.3.1.1.2 Hester Maria Charlotte \* 13.7.1859 ~ Aliwal-North

29.8.1859 m. Lady Grey 25.3.1879 Gabriel KOTZE

Hier kort egter een seun naamlik:

Gabriel Kotzè gebore op 25 Mei 1862. Hy is nie in die selfde Kerk gedoop as die 2 dogters nie.

My ouma het my vertel van die 2 susters, maar ek het ongelukkig geen inligting van hulle nie, behalwe dat hulle getroude vanne was Kotze en Coetzee Bronne.

Sterfkennis van Louis Kotzè : MOOC 6/9/392, NO 2503

Sterfkennis Anna E S Steinman: MOOC 6/9/649, NO 2051

Baie verskillende spelvorme kom voor op die kennisgewings t.o.v. die van Steinman (Skinman, Steinman en Steynman)

Mislaid. Apologies.

**2015 Kotze, Hannes Kotze**

Met my eie navorsing (wat skraps is) het ek afgekom op die "Composite Kotzé Family Tree" op internet wat jou naam aandui as kontakpersoon. My seun (tans op Universteit) het eintlik begin met navrae oor die stamboom van ons familie (met oupa's, ens), maar nie veel verder gekom nie (foto aangeheg). Ek het die 119 bladsy dokument uitgedruk en dit is goeie bed tyd leesstof. Ek vind egter nie die nodige 'links' van ons kant af om verder terug te gaan nie.

- Die Dirk Johannes'e loop sterk deur familie
- My Oupa was Gert Leopold en hy is +/- 1945 op 46 jarige ouderdom oorlede. My pa se broer en my eie broer is ook Gert Leopold.
- My pa se broers was Dirk Thomas en daar was ook 'n Hendrik en twee susters – almal van Saldanha omgewing

Waar sou jy voorstel met ek verder soek om die 'missing links' te kry? – dit moet sekerlik erens inpas in jou navorsing in!

In response to a general question: I have looked in the SA Archives, and the following number of records/stats are available:

- Kotze 10197
- Gert 133
- Gert Leopold 2 (see below)**
- Dirk 545
- Thomas 40
- Dirk Thomas 0
- Dirk Johannes 157 (your father I gather is still alive = 82 years)
- Hendrik 594
- Sisters ??

---

The two deceased Gert Leopold's is my farther's brother and my brother. See attached photo's found on the GSSA website – grave site photo's (all buried at Malmesbury).

- Gert Leopoldt – my dad's father
- Leopold & Bessie – my dad's brother and mother
- DJ – my dad's grandfather & mother

Just a follow up mail to yesterday's mail – I spoke to my dad (82) and he said that the Dirk Johannes and Jacomina Johanna gravestone on the photo is not his grand dad's. His grandmother was Jeanette and she was still alive in the 50's  
 Dad also reckons that his dad (Gert Leopold) was buried in Saldanha or Vredenburg graveyard and the gravestone could be incorrect (unless the Saldanha graveyard fall within Malmesbury district and are combined). The 2 death notice's you found is indeed my dad's brother in 64 and his dad in 46.

Most of the correspondence treated as private.

Anyway, it looks like I might add one or to additional records, and also noted an interesting observation regarding the date of birth of 1.2.2.1.1.15 Aletta Sophia Margaretha

I hope to help further in future regarding the "European Kotzee" info as I am currently in the process of establishing myself in Hamburg, Germany.

I attach a few items.

1. My observation regarding the birthdate of "1.2.2.1.1.15 Aletta Sophia Margaretha".
2. 3 pdf's from my first effort to record Family tree records that might add additional information related to "1.2.2.1.1.12 Barend Frederik \* 12.10.1830".
3. 1.2.2.1.1.12.? Barend Frederik (My great Grand father – not sure how many siblings, hence the ?)
4. 1.2.2.1.1.12.?.? Dirk Jacobus Kotzé (My Grand father – again not sure how many siblings, hence the ?)
5. 1.2.2.1.1.12.?.? Johanna Christina Kroes (Kotzé) - (My Mother – 2nd, I think of 4 siblings, Bennie, Dirk, Johanna and Pieter)
6. a picture of my own link with the Kotzee/Kotze/Kotzé Family.

I look forward to hear from you and if the communication has been of any benefit to capturing the Kotzee/Kotze/Kotzé Family detail for future generations. This whole Family-line stuff is new to me so will not be offended in any regards regarding tips or protocols etc on communicating in this regard :)
