

## FAMILY FRAGMENTS

**PREAMBLE:** My interest in genealogy began late 1999. Over the years, a good deal of my findings were published on [www.pelteret.co.za/genealogy](http://www.pelteret.co.za/genealogy). In October 2012, I decided to move on and explore other interests.

However, the correspondence relating to prior publications did not stop. Between 2011 - 2020 over 230 persons have been in touch, either providing information complementing that published earlier or seeking specific information. A good deal of the correspondence represented considerable work and decided research acumen on the part of the correspondent.

I have been prevailed upon to publish particularly worthwhile material as an addendum to my original publications. These are they.

I thank you most sincerely for the fantastic work you have done which greatly assists those of us trying to research family trees.

My Grandfather was Gideon Francois Pyper and I found him on your pages!

Sadly I am quite new to the whole subject of genealogy, so I don't understand the abbreviations used.

Would you look at the detail below and tell me how I identify the parents and grandparents of Gideon Francois and what the other abbreviations mean.
